SHW Insurance Services Welcomes Kerry Simkins

Risk Analyst to Provide Additional Expertise and Value to Clients

DENVER – June 30, 2011 – SHW Insurance Services, one of the major insurance providers for builders and general businesses and the sister company to StrucSure Home Warranty, has hired Kerry Simkins as a Risk Analyst.

“Kerry brings an exceptional comprehension of insurance policies and the ‘fine print’ that is not only confusing, but often increases a company’s risk without the owner’s knowledge or understanding,” said Christopher Macaulay, President of SHW Insurance Services. “His experience in the insurance industry, understanding of coverage, terms, exclusions, and pricing, and ability to communicate policy risks and benefits to our clients makes him a valued asset to our growing company.”

“Joining SHW Insurance services is a great opportunity to provide builders and business owners with a much-needed service,” said Simkins. “It’s important that our clients receive the attention and assurance they need – especially in a challenged and uncertain industry and economy.”

Prior to joining SHW Insurance Services, Simkins spent over 12 years in various insurance/risk analysis roles with Planet Group, Moreton and Company, Nonprofit Resources, ISU Insurance of Colorado, and Swett and Crawford. He has an Associates in Risk Management, an Associates in Underwriting, and has current Property, Casualty, Life and Health licenses from the State of Colorado.
